Our text for this course is *Professional Responsibility* by Pearce, Capra & Green (Thomson Reuters 2011). Additionally, for this course and for study for the M.P.R.E. you should obtain a copy of the ABA Model Rules of Professional Conduct. I have assigned no specific supplement as there is broad availability of the Model Rules. Used supplements will be fine as well as there have been no significant changes in the Model Rules since 2010.

The following assignments are on a per-week basis (2 classes in the Day, one Evening). Note: The examination in this course will occur during class hours November 8. The class meetings after the examination remain to be scheduled, but will include particularly bar information and preparation with Adj. Professor Gaffney and a mandatory presentation on drug and alcohol abuse.
