

# PHARMACY ALUMNI ASSOCIATION

## DUQUESNE PHARMACY ALUMNI

are part of a prestigious group who have achieved academic and professional success as a result of their pursuits at the School. For many of these graduates, giving back to the School and its current students is an important aspect of their ongoing professional commitment to pharmacy.

The Duquesne Pharmacy Alumni Association (PAA), which is open to all graduates of the Duquesne University School of Pharmacy is always actively seeking new members, the Association sponsors many social and continuing education activities throughout the year. One of the largest events is the Annual Conference, which offers valuable continuing education credits and the opportunity to reunite with old friends and make new acquaintances.

The PAA works closely with the School of Pharmacy and acts as a conduit of information to keep graduates aware of what is occurring on campus. It also provides a conduit for graduates to stay in contact with each other while offering networking opportunities that are second to none. Anyone interested in becoming more actively involved should contact the Pharmacy Alumni Association.

## VISION

The PAA vision is to provide a shared pathway of lifelong professional development and opportunities for Alumni and future graduates in partnership with the School of Pharmacy.

## MISSION

The PAA mission is to...

- Provide programs, services, and resources that foster the continuous professional development of the alumni.
- Establish a support network that will provide benefit to both local and remote alumni members.
- Provide alumni with student mentoring and precepting opportunities and serve as a valuable resource to student pharmacists.
- Cultivate and nurture communication among the alumni, the School of Pharmacy and the University.
- Contribute to the advancement of pharmacy practice through service to the profession.
- Support and promote the mission of the School of Pharmacy and the Graduate School of Pharmaceutical Sciences.

# VALUES/GUIDING PRINCIPLES

Values that encourage Alumni Association Members, Pharmacy School and the University to use our services.

1. *We encourage and recognize the dedication and accomplishments of alumni in service to the profession of pharmacy.*
2. *We recognize the potential of alumni and student pharmacists to have an impact as leaders in the provision of health care.*
3. *We are committed, dedicated and fully supportive of the pursuit of pharmacy excellence.*
4. *We serve as mentors, educators and role models.*
5. *We are committed to supporting the educational and intellectual needs of our members.*
6. *We respect ethical and spiritual values which serve as the foundation of our organization.*
