A searchable list of eligible expenses can be found on our website at [www.discoverybenefits.com/searcheligibleexpenses](http://www.discoverybenefits.com/searcheligibleexpenses). Due to frequent updates to regulations governing FSAs, DCAs and HSAs, this list does not guarantee reimbursement, but instead is to be utilized as a guide. Additional resources can be found at [www.discoverybenefits.com/extras](http://www.discoverybenefits.com/extras).

When selected you will be prompted to confirm this is what you would like to do.
2. FLEXIBLE SPENDING ACCOUNTS (FSAs)

A Flexible Spending Account (FSA) falls under one of the following categories: Medical FSA, Dependent Care FSA, Combination FSA, Limited FSA or Health Reimbursement Arrangement (HRA). **Note:** A Health Reimbursement Arrangement (HRA) is an employer-funded account that covers designated medical expenses. Please see your Summary Plan Description (SPD) for specific rules related to your plan. A copy of your SPD can be obtained through your Human Resource department.

### 2.1 Documentation Requirements

Approvable documentation for medical expenses, which is required by the IRS, is a receipt/statement containing, all of the following: name of provider, date(s) of service within the plan year, an eligible type of service or product (see Eligible Expenses) and dollar amount (after insurance, if applicable). **Tip:** An Explanation of Benefits (EOB) from your insurance provider is ideal for substantiating claims.

Approvable documentation for dependent care expenses, which is required by the IRS, is a receipt/statement containing, all of the following: name of eligible provider, date(s) of service within the plan year, eligible types of service, and dollar amount. **Note:** To be reimbursed, services must already have been rendered. **Tip:** For Dependent Care Accounts (DCAs), a signature on the Reimbursement Request Form by the daycare provider will take the place of needing to submit supporting documentation for manual claims.

### 2.2 Debit Card

**Advantages:**
- Less out-of-pocket expenses at the time of service
- No waiting for a reimbursement
- Merchant is paid directly at the point of sale

#### 2.2.1 Receipt Reminders

If documentation is required for a debit card transaction you will receive an email notification to log in to your account to view a Receipt Reminder. The Receipt Reminder will display the documentation required and next steps. If you do not have an email address on file, a Receipt Reminder will be mailed. **Note:** Debit card use will be put on temporary hold if documentation is not received within the designated time period.

#### 2.2.2 When/Why Documentation is Required

Due to IRS regulations, certain debit card transactions need to be substantiated. Substantiating means validating a transaction to ensure the debit card was used for IRS approved items/services within the allowed time frame.

When documentation is **not** needed:
- When co-payments are tied to the account holders health plan.
- When purchases are made at merchants using the Inventory Information Approval System (IIAS). These merchants will approve eligible expenses at the point of purchase. When
using your debit card at these merchants, swipe your debit card for the entire purchase. The items that are eligible expenses will be approved, and the merchant will ask for a secondary form of payment for ineligible items. To find a full list of merchants utilizing IIAS, visit our website at www.discoverybenefits.com/extras or click the link Visit Our Website below.

- When recurring expenses match the same provider and dollar amount for previously substantiated transactions. **Example:** Jane goes to the doctor to get her allergy shot. Her treatment requires that she continue to receive these shots every two weeks. Because Jane’s allergy shots are not provided at an IIAS merchant and it is not a standard co-pay amount, the first visit will need to be substantiated with an itemized receipt/statement or Explanation of Benefits (EOB). Any recurring visits to the same provider, for the same dollar amount, will be recognized as a recurring expense and will be processed without additional substantiation.
