

## **Journalism and Multimedia Arts Mentoring Assignments**

All JMA majors — and prospective majors — must schedule a face-to-face meeting with their JMA faculty mentor prior to registering for classes *each* semester. Before meeting their College of Liberal Arts adviser for scheduling, students must meet with their JMA mentor, who will help ensure that students are meeting major requirements and progressing sensibly through the JMA curriculum. Students require a signed form from their mentor before they will be allowed to register for JMA classes. This procedure cannot be handled by phone or e-mail.

Unless you are studying abroad, *you must meet with your faculty mentor prior to advisement and scheduling*. Faculty member office numbers can be found right outside the JMA Office, 341 College Hall.
