

WELCOME TO DUQ DAYS

Explore campus at your leisure with this self-guided tour booklet and map. The numbers next to tour stops below correspond to the numbers on the map. Tour stops are available from 10 to 2 unless otherwise noted. Don't forget to scope out the best outdoor study spots and the Instagrammable skyline view!

Admissions counselors will be available in the UPMC Cooper Fieldhouse throughout the day. University representatives will be available at tables and other locations to meet you and answer questions. And be sure to stop by for some refreshments throughout your tour.

Visit residence halls, Gumberg Library, Power Recreation and Fitness Center, key resources and academic buildings—the classrooms and labs where you'll receive an education that's everything you need, and more than you imagined.
