

Title IX Sexual Harassment and Non-Title IX Sexual Misconduct are supported by patterns of disrespect and, at times, peer pressure. Working together we can change these patterns with Bystander Intervention. As a responsible bystander, you can play an important role in promoting a culture of profound respect for the dignity of each person. By understanding this role and being aware of problematic situations, we can all be effective proponents for a safer community. For more information on Bystander Intervention and Bystander Awareness, go to the website listed below for steps to action and techniques to try.
