# It's Time for BIGGER GOALS

Interested in launching a startup or a new venture within your existing organization?  
Our Master's Certificate in Entrepreneurship can help you get there.

Develop the essential knowledge and skills to launch new ventures and discover new ways of thinking that will drive innovation in any business.

## 15-Credit Master's Certificate in Entrepreneurship

- A hybrid format combining online learning with face-to-face sessions
- An interdisciplinary curriculum with a solid foundation in ideation, management and law
- Access to a robust professional network and thriving entrepreneurship ecosystem
- Stackable with the Professional MBA and MS in Management, reducing credit hour requirements

## A Horizon-Expanding Education

- Create, invent and learn in Duquesne's state-of-the-art **Center for Excellence in Entrepreneurship**, which includes an ideation suite and a maker space.
- Hone your ideas by entering the **Duquesne New Venture Challenge**—a three-stage business plan competition offering over \$100,000 in cash and service prizes.
- Discover pathways for financial assistance with **BlueTree Allied Angels**, Western Pennsylvania's leading angel network and Duquesne partner.
- Start, grow and prosper with help from **Duquesne's Small Business Development Center (SBDC)**, offering confidential consulting services to empower entrepreneurs and small business owners.

Students have access to the Center for Excellence in Entrepreneurship resources, including sophisticated equipment in our maker space—Bob's Launch Pad.
