

**Our Lady of Lourdes
World Day of the Sick**

**February 11, 2021
Duquesne University Chapel of the Holy Spirit**

Our Lady of Lourdes is a title for Jesus' mother that originated in France in the mid-1800's. Catholic tradition relates that a fourteen-year-old girl named Bernadette Soubirous had gone to gather firewood near a rocky outcropping outside the town of Lourdes, an area used by the townsfolk as a trash dump. In the middle of this disregarded and ignored area, Mary appeared to Bernadette and opened up for her a spring of healing water. This grotto, once entirely overlooked, is now a place of pilgrimage for thousands of the faithful seeking healing, comfort, and a place to draw near to God's goodness.

This feast day reminds us of a pattern that we can see throughout our religious heritage: a pattern of divine goodness being made known in the least likely of places, proclaiming a desire to heal and renew.

Let us open our hearts to God's word for us today.
