

Workshop Presenters, Panelists & Discussion Leaders
Center for Teaching Excellence 1989 – 2009
Prepared for CTE 20th Anniversary

Teaching and learning thrive at Duquesne because many gifted people have taken the time over the past 20 years to share from their expertise. Even at well over 300 persons, this list does not include all those who have contributed to the orientation for incoming faculty and TAs.

If we have missed a name that should be on this list, please write to us at cte@duq.edu.

The affiliations listed here generally reflect those current at the time of the event. Many affiliations have changed since that time.
