

HCE Colloquium & Student Seminar, Spring 2020

Each year, HCE holds 6 Student Seminars plus one Kelly Lecture. The topics and dates of the Seminar and Kelly Lecture are listed below for Spring 2020. **All HCE students in course work are strongly encouraged to participate. If you cannot participate, please inform the Director, Dr. Gielen, prior to the seminar.** The Spring Semester provides an opportunity to hone your presentation skills in a special Seminar focused on conference presentations. You are invited to submit an abstract, and then make a presentation. You will receive feedback from the Faculty so that this will be a learning experience preparing you for presentations in scholarly conferences and symposia in the country and abroad.
