Course Description

Clinical Internship in Healthcare Ethics I and II - HCE 681 and 682

These courses are open only to doctoral students and are ordinarily taken after completion of all required academic courses. The internship consists of clinical placement as ethicist-in-residence at the Pittsburgh UPMC/Mercy Hospital or at other institutions. Under on-site supervision the student serves as institutional ethicist in the assigned facility. Duties include education of facility personnel through formal lectures, in-service workshops, teaching rounds, provision of written and audio-visual materials, ethics research for facility personnel, etc.; development of policy on various ethical issues; and prospective and retrospective case consultation. Each unit (three credits) of internship demands approximately 150 hours of work for the assigned facility.

The Course is the 3rd component of the new Clinical and Organizational Rotations in Ethics (CORE), effective Fall 2008. The acronym helps to focus on the crucial core significance of the Rotations in our Degree Programs. The clinical component is so inter-woven with the organizational component in health care that the Rotations focus upon the dynamic relationship between clinical, organizational, and professional ethics.

Rationale. The CORE provides HCE degree students with an experience-based curriculum to learn in a supervised, step-by-step manner the scholarly knowledge and professional skills for providing ethics services in health care. Moreover, the curriculum focuses upon providing ethics leadership to integrate clinical, organizational, and professional ethics across the health care organization.

Method. Adopting a step-by-step approach, each Rotation is designed to build on one another in a practical and supervised manner, each subsequent rotation requiring the previous rotations. Each rotation has distinctive learning objectives. Significant time is dedicated in each Rotation to the student's critical reflection to enhance the enterprise of experiential learning in a meaningful and personal manner. And each Rotation seeks to engage the integration of the clinical and organizational components of contemporary health care delivery.

Course Timespan. Typically, each Rotation extends for 16 weeks over a semester, lasting 150 hours, divided differently among the varying Rotations.

Clinical Internship in Healthcare Ethics I - HCE 681

Learning Objectives: Understanding, Experience, Reflection.

Focus: Provide Traditional Ethics Services (consultation, education, policy) in a facility.

Level of Supervision: Function independently under general supervision.

1. Understanding. Refine Ethics Consultation Competencies.
 - Deeper understanding of Knowledge, Process Skills, and Responsibilities.
 - See, ASBH, *Improving Competence in Clinical Ethics Consultation*.
2. Experience.
 - Function as Ethics Expert in health care facility.
 - Engage typical ethics services: Case Consultation, Professional Education, Policy Review & Development.
3. Reflection.
 - Critical reflection on the Ethics Services provided.
 - Critical reflection via journals, readings, seminars, and a capstone essay/project.

A. **Pedagogical Component.** None (no antecedent exam; ongoing discussion of readings with Rotation Supervisor during semester).

Rotation Readings.

American Society for Bioethics and Humanities, *Improving Competence in Clinical Ethics Consultation: A Education Guide* (ASBH, website).

Linda Farber Post, Jeffrey Blustein, Nancy Neveloff Dubler, *Handbook for Health Care Ethics Committees* (Baltimore, Md: The Johns Hopkins University Press, 2007).

1. Time Distribution. Weeks #1-3 should be dedicated to achieving an overview of the Rotation Readings that will be continued throughout the Rotation.
2. Assessment: 25% of total grade. Students should demonstrate mastery of the readings by the end of the Rotation, with grade assigned accordingly.

B. Rounds, Ethics Services. Develop a written plan for the Rotation's Ethics Service, indicating the location, institution, and site professionals/personnel with whom the student will be working. The Rotation Supervisor should meet with site personnel and the HCE student to plan the Rotation.

1. Time Distribution: (70 hours, 25% of grade), weeks 4-10: 10 hours weekly.
 - These weeks may occur over a longer period to accommodate schedules of individuals with the approval of the Faculty Supervisor, but there should be cumulatively 70 hours of Rounds.
2. Related Action.
 - Describe planned services in written plan (above).
 - Attend Ethics Committee meetings as scheduled with the rotation site
 - Optional participation in monthly IEC seminars and meetings at UPMC/Mercy with other Rotation HCE students. If the student's placement site does not have an ethics committee which the student can observe, the student should attend ethics committee meetings at UPMC Mercy.
3. Implementation Mechanism.
 - a. Orientation. Site personnel will arrange an Orientation Session.
 - b. Work-Sheet. Student will prepare a general work-sheet delineating a general schedule for the written plan (above).
 - c. Critical Engagement by Students. There will be regular meetings with both the Rotation Supervisor and the Site Personnel (not necessarily together) to address the student's critical engagement in the Rotation.
 - d. Seminars. Students will have seminars with the Rotation Supervisor to discuss the Rotation readings and integrate them with the Rotation experience. Seminar dates and times to be announced in coordination with student and Clinical Rotation schedules.
4. Assessment: 25% of total grade.
 - a. Based on level of critical engagement related to Ethics Services of the Rotation.
 - b. The grade for this component will be assigned by the Faculty Supervisor after consulting with the Rotation Supervisor and site personnel for the Rotation at this point.

C. Journals, Readings, Seminars. Critically reflect on clinical experiences to integrate theoretical and practical learning by reading, writing, and discussion. Please note the significant proportion of the total grade assigned to this very important critical component of the Rotation.

1. Time Distribution: (35 hours, 40% of grade), distributed across 7 weeks of Rounds, including:
 - Seminars with the Rotation Supervisor and/or Faculty Supervisor;
 - Weekly journals;

- Rotation readings.

Note. Ethics Services may occur over a longer period to accommodate schedules with the approval of the Faculty Supervisor

2. Related Action.

- Weekly Journals. Critical reflection on experiences and readings.
- Rotation Readings. Ongoing throughout Rotation.
- Seminars. Participate in seminars as scheduled with Rotation Supervisor and Faculty Supervisor.

3. Implementation Mechanism: during weeks 4-11 (7 weeks, 5 hours weekly).

- a. Weekly Journals. Weekly journals should be at least 2 pages double-spaced. Journals briefly summarize activities as referenced in the weekly time chart and offer critical reflection upon the identified activities, connecting with critical reflection on the Rotation readings. Journals are due to the **Clinical Rotation Supervisor each Saturday by 6 pm via email.** Journals will be reviewed and comments will be submitted to the students.
- b. Rotation Readings. Students are expected to integrate into their journals the assigned Rotation readings.

Week 4: Domain 1

Week 5: Domain 2 and 3

Linda Farber Post, Jeffrey Blustein, Nancy Neveloff Dubler, *Handbook for Health Care Ethics Committees* (Baltimore, Md: The Johns Hopkins University Press, 2007).

Week 6: Chapters 1, 2, 3, 4

Week 7: Chapters 5 and 6

Week 8: Chapters 7 and 8

Week 9: Chapters 9, and 10

Week 10: Sections III and IV

Week 11: Sections V and VI

Meetings/Seminars. (10 hours) Rotation Supervisor and Faculty Supervisor will plan a series of meetings/seminars to be held throughout the semester.

4. Assessment: 40% of total grade.

- a. Journals and Readings. 30%
- b. Seminar Participation. 10%.
- c. The grade for this component will be assigned by the Faculty Supervisor after consulting with the Rotation Supervisor and site personnel when the

student completes the journals (7 weeks) which may extend beyond the chronology of weeks 4-11 to accommodate schedules.

D. Capstone Project. The Capstone Project provides a critical reflection on the experiences, readings, discussions, and seminars to demonstrate an understanding of the *IntegratedEthics* approach (such as the VHA model or the *Next Generation* model adopted in Catholic health care) by combining the clinical, organizational/business, and professional elements of ethics services. The Capstone Project should also include at least one project/presentation that the student completed during the course of the semester. This is similar to the project completed in the previous 647 CORE rotation; the project may be assigned by the site supervisor or may be proposed by the student. The objective is to demonstrate the student's ability to provide practical ethics education for other healthcare providers. The Capstone Project should be a 20 page reflection paper (double-spaced) to be submitted by **December 14, 2018 by 6 PM via email.**

1. Time Distribution: (35 hours, 10% grade), **December 14, 2018 by 6 PM via email**

Related Action.

Submit a 20 page (double-spaced) Capstone Project.

2. Implementation Mechanism.

Submit a 20 page (double-spaced) Capstone Project.

3. Assessment: 10% of total grade.

- Based on the quality of the critical, comprehensive reflection. The grade for this component will be assigned by the Faculty Supervisor in coordination with the Rotation Supervisor following completion.

E. Student Assessment & Course Evaluation.

1. Student evaluates Rotation confidentially submitting evaluation to the Center Director. Copies of the "*Student Evaluation Form*" to be distributed by Faculty Supervisor at end of Rotation.

2. Faculty evaluates student with grade and brief written report submitted to student, using the "*Faculty Evaluation Form.*" To be completed by the Faculty Supervisor after consultation with the Rotation site personnel.

F. Grade Assignment. Faculty Supervisor submits grade to University Registrar.
