To use the POD computers

Students: Press **DISPLAY ON** from the pod push-button controls

Log into the pod computer using Multipass credentials

Verify the **PC** button is selected on the push-button controls

To display INSTRUCTOR content to all pods

From the Instructor's podium:

Instructor: Turn on the projector/display and press **PC** (or *laptop* or *HDMI*)
The image will appear on the projection screen

Students: Press the **CLASS** button at each pod

To permit PODS to display throughout the room

Instructor: Press **CLICKSHARE** button on the podium controller

One Pod: Press the **ClickShare puck** to turn the white circle to **red**

** Four (4) pods may share their content at the same time*

Other Pods: Press the **CLASS** button to see the shared content

To restrict PODS from displaying

Instructor: Press any other source button on the podium controller
