### About Us

Together, we are an honored group of graduates who take pride in calling Duquesne University our *Alma Mater*. Recognized as a time-honored organization, The Duquesne Pharmacy Alumni Association (PAA) continues to work closely with the School of Pharmacy to preserve our prestigious achievements, advocate for the school's mission and uphold the distinction of being a Duquesne pharmacist.

### Achievement Spotlight

**R**obert T. Wanovich, Pharm.D. (P '89) (pictured on the front of this brochure) is the vice president for market strategy and delivery with Highmark Inc. As a member of the Pharmacy Alumni Association, Dr. Wanovich is also active on the University's Alumni Board of Governors and the

Dean's Advisory Board. He also has been honored and admitted to Duquesne's Century Club for his exemplary records of professional achievements and service to the University and our local communities. Dr. Wanovich was awarded the School of Pharmacy Distinguished Alumnus Award in 2007.

### The Difference is Duquesne

**O**pen to all graduates of the School of Pharmacy, the PAA offers a means for graduates to stay in touch, participate in post-secondary learning activities and create a network of connections within the health care industry. Our members pay a small, yearly, tax-deductible fee that assists the school and its students while advancing education and, ultimately, the profession of pharmacy.

The PAA also:

- Keeps members informed of the latest news and events with our newsletter
- Rewards deserving students through scholarships
- Supports numerous student programs and activities

As Duquesne pharmacists, many of our graduates have successfully become strong leaders within the industry. The association celebrates our members' achievements and values their contributions to the profession as well as their continued support of the school.
