----------------------------	-----

TOTALS:	4,464
---------	-------

1: Book costs are a mean of new and used for required textbooks

2: Lab kit is for use throughout professional phase including lab based courses and clinical education

3: Thieme Lab Dissector

4: Cost of vaccinations will vary from student to student depending upon needs. Cited price assumes no prior inoculation. Prices obtained from University Health Services.

5: Duquesne University Physical Therapy Association

6: American Physical Therapy Association

7: To and from site visits and local professional phase meetings (e.g. Southwest District of APTA)

8: Required for all students prior to Clinical Education rotations

9: DU subsidizes \$100 of course which with study guide is currently listed as \$350.

*: We have done our best to list and tabulate additional costs of attending.

The above list of items and prices can and will change from time to time.

List and prices will be updated on an annual basis.

The above list does not factor in costs associated with clinical education including housing & transportation
