### Academic and Program Requirements for Entry into the Accredited Phase

1. Successful completion of all pre-professional course work with a 3.0 cumulative QPA at Duquesne University and a “C” or better in all courses.
2. An average GPA of 3.0 or higher is also required for Biology I & II, Chemistry I & II, Microbiology, Physics, Anatomy I & II, Physiology I & II and Histology.
3. Documentation of current AHA Basic Life Support.
4. Completion of a physical examination and other pre-clinical health requirements.
5. Recommendation of the Physician Assistant Studies Accredited Phase Review Committee upon completion of personal interviews.
6. Departmental approval.

The Accreditation Review Commission on Education for the Physician Assistant, Inc. (ARC-PA) has granted Accreditation-Continued status to the Duquesne University Physician Assistant Program sponsored by Duquesne University. Accreditation-Continued is an accreditation status granted when a currently accredited program is in compliance with the ARC-PA Standards.

Accreditation remains in effect until the program closes or withdraws from the accreditation process or until accreditation is withdrawn for failure to comply with the Standards. The approximate date for the next validation review of the program by the ARC-PA will be September 2022. The review date is contingent upon continued compliance with the Accreditation Standards and ARC-PA policy.

The program's accreditation history can be viewed on the ARC-PA website at [http://www.arc-pa.org/accreditation-history-duquesne-university/](http://www.arc-pa.org/accreditation-history-duquesne-university/).
