Major/minor: Music Education (Voice)/African Studies Minor

Why did you choose the African studies minor: I chose the African studies minor to gain broader perspectives outside my own, and to supplement my future career as an educator.

Hobbies: Playing tenor saxophone, journaling, and exercising!

The best place you have traveled to: The best place I every traveled to is Barbados! I had the opportunity to meet family I had only ever spoken to on the phone! I learned so much about my heritage on this trip and I hope to return soon.
