Life is demanding. It’s hard to find time to take care of yourself and your family members as it is, never mind when one of you isn’t feeling well. That’s why your health plan through Cigna includes access to minor medical and behavioral/mental health virtual care.

Whether it’s late at night and your doctor or therapist isn’t available or you just don’t have the time or energy to leave the house, you can:

› Access care from anywhere via video or phone.
› Get minor medical virtual care 24/7/365 – even on weekends and holidays.
› Schedule a behavioral/mental health virtual care appointment online in minutes.
› Connect with quality board-certified doctors and pediatricians as well as licensed counselors and psychiatrists.
› Have a prescription sent directly to your local pharmacy, if appropriate.

Medical virtual care for minor conditions costs less than ER or urgent care center visits, and maybe even less than an in-office primary care provider visit.
