HOW TO APPLY FOR FINANCIAL AID

Academic-Based Scholarships
Complete your admission application. Duquesne University is pleased to offer academic-based scholarship opportunities to eligible students. As a part of the admissions process, students are evaluated for academic scholarships, and any eligibility is communicated to them with their acceptance notification.

- Academic scholarships are awarded to applicants during the admission process
- Awards are renewable for a maximum of eight semesters (with the exception of PharmD, which is 12 semesters)
- Students must maintain a minimum cumulative grade point average for renewal in future years (2.0 GPA for most awards)
- Amount of scholarship is determined at time of admission and remains constant

Need-Based Financial Aid (Grants, Loans and Student Employment)
In addition to academic-based scholarships, Duquesne University also offers need-based financial aid opportunities (grants, loans and student employment) to eligible applicants. An annual FAFSA is required, as is the timely response to requests for additional information such as verification of taxable and untaxed income.

Complete the Free Application for Federal Student Aid (FAFSA)
Completing the FAFSA is necessary for need-based financial aid. Be sure to apply as soon as possible to be eligible for the most aid. The application opens October 1 and often needs to be completed by May 1 for certain grants.*

- Available online at studentaid.gov
- Duquesne's Federal School Code is 003258
- When completing your FAFSA, use the IRS Data Retrieval Tool if possible
- If selected for verification, please respond promptly to requests for additional information
- Failure to respond to requests for additional information can affect eligibility for financial aid opportunities

*We recommend that prospective students apply for need-based financial aid as early as possible so that a financial aid package can be completed before the May 1 admission commitment deadline. Financial aid notices are sent out as early as December 1. New students starting in the spring semester should submit financial aid materials by December 1.
Transfer students are eligible to receive similar financial aid opportunities available to other Duquesne students, including academic-based scholarships, need-based financial aid and non need-based aid opportunities.

Transfer students interested in applying for financial aid should follow our standard application procedures and deadlines (as outlined on page 3 of this booklet).

In addition, students must update their Free Application for Federal Student Aid (FAFSA) to include Duquesne University (Federal School Code: 003258).

Need-Based Loans

Subsidized Federal Direct Loan
A need-based loan through the federal government that requires the student borrower to repay it with interest following enrollment. A “subsidized” loan refers to the interest subsidy paid by the federal government to the lender while the student is enrolled. Currently, loans have a fixed rate of 4.99 percent, and the loan fee is 1.057 percent. Current annual borrowing limits:
- $3,500 freshmen
- $4,500 sophomores
- $5,500 for juniors and seniors
- Maximum aggregate borrowing limit is $31,000 for an undergraduate dependent student.

Nursing Loan
A need-based loan made by the University to full-time, dependent freshman nursing students. There is zero interest while the student is enrolled at least half-time in a degree-seeking program and during a nine-month grace period before repayment begins. Interest rate during repayment is 5 percent, and the repayment period is 10 years. The maximum is $2,000. You will automatically be considered for the loan program if you apply for need-based financial aid.

Health Professions Loan
A need-based loan made by the University to full-time dependent Doctor of Pharmacy students (3rd – 5th year). There is zero interest while the student is enrolled at least half-time in a degree-seeking program and during a nine-month grace period before repayment begins. Interest rate during repayment is 5 percent, and the repayment period is 10 years. The maximum amount is $2,000. You will automatically be considered for the loan program if you apply for need-based financial aid.

Non Need-Based Loans

Unsubsidized Federal Direct Loan
The terms and conditions of the Unsubsidized Direct Loan are the same as those of the Subsidized Federal Direct Loan, but with several exceptions. Interest on this loan is not subsidized by the federal government, and, therefore, it is the responsibility of the student borrower. Currently, the interest rate for undergraduates is fixed at 4.99 percent, and the interest begins to accrue after disbursement of loan funds. Students may choose to defer interest while in school and later capitalize interest (add it to the principal) at the time repayment begins.

All students are eligible for additional Unsubsidized Direct Loans. Unsubsidized loans range from $2,000-$5,500 in the first year. If the student doesn’t have need, they would get up to 5,500 in unsubsidized loans. If they have full subsidized loans (3,500 in first year), they get $2,000 unsubsidized.

Additional Unsubsidized Direct Loan funds are available to independent undergraduates and dependent students whose parents have been denied a Federal PLUS Loan (additional amounts: $4,000 per academic year for freshmen and sophomores, $5,000 per academic year for juniors and seniors). Some students may qualify for a combination of Subsidized and Unsubsidized Direct Loans. The total academic year amount of the loans cannot exceed the limits by academic class levels as previously listed.
Federal PLUS Loan (Parent Loan)
The PLUS Loan provides a borrowing option for parents of dependent undergraduate students only. Parents may borrow up to the cost of attendance minus the amount of financial aid received. Approval of the loan is based upon a parent’s credit worthiness. Currently, the interest rate is fixed at 7.54 percent. Loans include a 4.228 percent origination fee. New applications for PLUS begin in June each year.

Alternative Loans
Duquesne University strongly urges students to apply for Direct Loans and parents of students to apply for PLUS Loans before considering alternative loans. However, alternative loans may be an effective method of financing unmet costs of education for some students. The University recommends that students apply with co-signers to secure the best possible interest rates. A historical list of lenders our students have used may be found at ELM Select (elmselect.com) searching under Duquesne University.

Federal Work-Study

• Federal Work-Study is considered financial aid and is therefore a part of the student’s financial aid package
• Students are paid biweekly. Their pay is determined by the rate of pay and the number of hours worked

FINANCIAL AID DICTIONARY

**EFC** - expected family contribution. EFC is an index number used to determine financial aid. It factors in your family's taxed and untaxed income, assets, and benefits. This is not the amount the family will be required to pay; some may pay more, some may pay less depending on other factors.

**Need** - the difference between the cost of attendance and your expected family contribution (EFC)
