HOW TO APPLY FOR FINANCIAL AID

Academic-Based Scholarships
Complete your admission application. Duquesne University is pleased to offer academic-based scholarship opportunities to eligible students. As a part of the admissions process, students are evaluated for academic scholarships, and any eligibility is communicated to them with their acceptance notification.

- Academic scholarships are awarded to applicants during the admission process
- Awards are renewable for a maximum of eight semesters (with the exception of Pharmacy, which is 12 semesters)
- Students must maintain a minimum cumulative grade point average for renewal in future years (2.0 GPA for most awards)
- Amount of scholarship is determined at time of admission and remains constant

Need-Based Financial Aid (Grants, Loans and Student Employment)
In addition to academic-based scholarships, Duquesne University also offers need-based financial aid opportunities (grants, loans and student employment) to eligible applicants. An annual FAFSA is required, as is the timely response to requests for additional information such as verification of taxable and untaxed income. Please note the following procedure to apply for need-based financial aid:

Complete the Free Application for Federal Student Aid (FAFSA)
Completing the FAFSA is necessary for need-based financial aid. Be sure to apply as soon as possible to be eligible for the most aid. The application opens October 1 and is available until May 1*.

- Available online at studentaid.gov
- Duquesne’s Federal School Code is 003258
- When completing your FAFSA, use the IRS Data Retrieval Tool if possible
- If selected for verification, please respond promptly to requests for additional information
- Failure to respond to requests for additional information can affect eligibility for financial aid opportunities

TRANSFER STUDENT FINANCIAL AID INFORMATION

Transfer students interested in applying for financial aid should follow our standard application procedures and deadlines (as outlined on page 3 of this booklet) for the academic year beginning in the fall semester. Spring semester transfer students should submit the financial aid materials by December 1.

In addition, students must update their Free Application for Federal Student Aid (FAFSA) to include Duquesne University (Federal School Code: 003258).

Transfer students are eligible to receive similar financial aid opportunities available to other Duquesne students, including academic-based scholarships, need-based financial aid and non need-based aid opportunities.

*We recommend that prospective students apply for need-based financial aid as early as possible so that a financial aid package can be completed before the May 1 admission commitment deadline.

A “subsidized” loan refers to the interest subsidy paid by the federal government to the lender while the student is enrolled. Currently, loans have a fixed rate of 3.73 percent, and the loan fee is 1.057 percent. The principal of the loan is deferred as long as the student is enrolled at least half-time in a degree-seeking program. Current annual borrowing limits: $3,500 freshmen; $4,500 sophomores; and $5,500 for juniors and seniors. Maximum aggregate borrowing limit is $31,000 for an undergraduate dependent student.

Non Need-Based Loans

Unsubsidized Federal Stafford Loan
The terms and conditions of the Unsubsidized Stafford Loan are the same as those of the Subsidized Federal Stafford Loan, but with several exceptions. Interest on this loan is not subsidized by the federal government, and, therefore, it is the responsibility of the student borrower. Currently, the interest rate for undergraduates is fixed at 3.73 percent, and the interest begins to accrue after disbursement of loan funds. Students may choose to defer interest while in school and later capitalize interest (add it to the principal) at the time repayment begins.

All students are eligible for additional Unsubsidized Stafford Loans of $2,000 per academic year.

Additional Unsubsidized Stafford Loan funds are available to independent undergraduates and dependent students whose parents have been denied a Federal PLUS Loan (additional amounts: $4,000 per academic year for freshmen and sophomores, $5,000 per academic year for juniors and seniors). Some students may qualify for a combination of Subsidized and Unsubsidized Stafford Loans. The total academic year amount of the loans cannot exceed the limits by academic class levels as previously listed.

Federal PLUS Loan (Parent Loan)
The PLUS Loan provides a borrowing option for parents of dependent undergraduate students. Parents may borrow any amount up to the cost of attendance minus the amount of any financial aid received. Approval of the loan is based upon a parent’s credit worthiness. Currently, the interest rate is fixed at 6.28 percent. Loans include a 4.228 percent origination fee. New applications for PLUS begin in July each year.

Alternative Loans
Duquesne University strongly urges students to apply for Stafford Loans and parents of students to apply for PLUS Loans before resorting to alternative loans. However, alternative loans may be an effective method of financing unmet costs of education for some students. The University recommends that students apply with co-signers to secure the best possible interest rates. A historical list of lenders our students have used may be found at ELM Select (elmselect.com) searching under Duquesne University.
