UN Global Compact Leaders Summit Registration Is Open!
Limited In-Person Tickets Available.

You are invited to join the UN Global Compact and thousands of stakeholders from the United Nations, Governments, business, civil society and all our Local Networks at the United Nations headquarters in New York or virtually for the 2022 United Nations Global Compact Leaders Summit.

With just eight years left to achieve the Sustainable Development Goals and as we enter the third year of the global pandemic, it is time for us to get back on track and return to the core of the sustainability journey to accelerate and scale progress on the Global Goals.

As our first large hybrid event (both in-person and online), the #LeadersSummit will convene a global audience through in-person events held in New York and Asia as well as virtual plenaries in Latin America, Australia, East Asia, Middle East and Africa.

This inclusive two-day event aims to empower business leaders at every level to take collective action and inspire future leaders to embed a sustainability mindset in their work. Click here to learn more about this year's Leaders Summit.

We hope you will join us either in-person or online on June 1 and 2 for two days of inspiring plenary sessions, interactive workshops, and networking opportunities. Only through multi-stakeholder collaboration, innovative thought leadership, transparent reporting on progress and focused data driven initiatives can we get back on track.
