Pharmacy Based Travel Health Services

ABOUT THE PROGRAM
Pharmacy-Based Travel Health Services is an innovative and interactive advanced competency training (ACT) program that explores the pharmacist’s role in providing travel health services to patients. This application-based activity is the first step for pharmacists interested in learning the essential skills necessary to successfully provide travel health services.

There are two components to the program:

- 6.0 hour (0.60 CEU) web-based self-study modules with case studies and assessment exam
- 4.0 hour (0.40 CEU) live seminar with assessment exam

PREREQUISITE:
To participate in this program, pharmacists must have completed the APhA Pharmacy-Based Immunization Delivery certificate training program and received a Certificate of Achievement or have previously completed an immunization training program and be authorized to provide immunizations in the state in which they practice.

CONTINUING PHARMACY EDUCATION (CPE) CREDIT

The American Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.
